

ST WINIFRED'S STEM NEWS

1ST EDITION FEBRUARY 2024

Welcome to STEM club news.

Our STEM ambassadors.

STEM Chairs: Emmanuella and Bernice.
Well done to the former chairs: Naomi and Annie Rose.
Members: Layla, Nylah, Thomas, Luke, Keeva, Avisha, Minika, Fifi, Genesis, Heaven-Leigh

Latest News

Year 5 had an interactive space show in Autumn.

"Spaceship Earth" is not merely a show; it's a gateway to inspire a new generation of space and climate enthusiasts, showcasing the intersection of science, technology, and climate action.

"It was really fun. We got to vote and ask the scientists questions," Layla and Nylah.

In reception there is a new investigation cupboard! (Get excited little ones 😊!)

Assembly

The STEM ambassadors ran an assembly to introduce themselves!

STEM Week – 11th March 15th March

Within STEM week we will need your wonderful parents or family members well, only those who know a decent amount about STEM to help us in an unknown surprise science project and, who knows, we might even see your parents teaching in a few places, possibly your class!

Editors: Nylah, Layla, Thomas, Luke
