

Modern Foreign Language: Spanish

Intent

At St Winifred's Catholic Primary School, the intention of our MFL curriculum is to foster children's interest in learning other languages in a way that is enjoyable and stimulating.

Implementation

All Key Stage 2 children take part in weekly Spanish lessons led by a qualified primary school teacher, who is a native Spanish speaker. We provide a high-quality education in modern language teaching based on embedding essential skills of listening, speaking, reading and writing delivered through a lens of cultural understanding.

We use 'La Jolie Ronde' Spanish scheme of work to support the progression of knowledge and skills in Spanish.

Impact

By the end of Key Stage 2 all children have acquired an understanding of both spoken and written Spanish and they will have the confidence to speak in Spanish with others. Furthermore, through their learning of Spanish culture, they will be able to appreciate and celebrate differences between people, nations and societies, as well as the different cultures within our school community.
